**Motion was made by Member Korstange to approve the August 16, 2022 Meeting
minutes as written. Supported by Member Reese. Motion carried 5 to 0.**

ARTICLE 5. **Acknowledge visitors and those wishing to speak to non-agenda items**

There was no one that wished to speak.

ARTICLE 6. **Development of a Parks Department Budget**

Manager Swayze discussed the structure of the current Parks budget and asked the
Parks Committee for input on possible additions or removals. This budget is not limited
to only parks as it extends to the Building and Grounds Department, among other
things. The open space budget was presented and covers debt services for bonds that
were used to purchase Burton and Peace Park as well as maintenance, and utility costs
for those two parks. Since the Open Space Fund is from a millage, Manager Swayze
explained why the Open Space budget had more details. This budget is funded by voter-
approved millage money; only specific work or projects come out of this fund. He also
noted that staff costs do not come out of this fund.

Since the parks committee doesn't have a specific fund, the budget appears in the general fund where the committee can pull for specific projects. This budget currently includes park operating supplies, utilities, water, and maintenance. There are also capabilities to create a new line item or incorporate the item into the capital improvement budget if the expense exceeds \$10,000. Capital improvement request forms must be completed for all projects from now until 2028.

Member Korstange suggested increasing transparency by separating detailed parks-related expenses into their own department. Manager Swayze said it would be difficult to include all parks-related expenses since the Building and Grounds Department has its own fund and they also purchase equipment to complete upkeep at parks from the same fund. Member Korstange understood but believed it was to the benefit of the residents to create a detailed list of finances being used for the parks. Providing residents with this information would enable them to determine where money is spent and be more apt to approve a future park millage. Chair Wanty asked the question of Manager Swayze, what would get in the way of creating a separate Parks budget?

Manager Swayze agreed to return to the October Parks Committee meeting to finish the parks budget discussion as well bring his response to questions raised by various Park Committee members.

Some items members would like to consider including in the budget (now or in the future) were B&G's unfinished projects list, purchases that support the 5-year master plan list, continuation of the Kent County Conservation District contract for invasives, and a possible RFP to develop a land management or Natural Resource Plan for Burton Park and possibly Peace Park.

Member Engel mentioned properties near Peace Park that may be available soon for acquisition and the committee may want to add funds for that to the budget.

ARTICLE 7. Process for New Parks Committee Members

The process for new parks committee members was not discussed at this time.

ARTICLE 8. Updates and announcements from Chair

Member Reese will be sending out revisions to the Master Plan to be reviewed at a special meeting in October.

Cameras were installed at Peace Park and the deer count has started.

The stolen hunting signs at Peace Park have been replaced.

ARTICLE 9. Old Business

There was no old business to discuss.

ARTICLE 10. Any Other Business

There was no other business to discuss.

ARTICLE 11. Adjournment

Motion was made by Member Engel to adjourn the meeting. Supported by Member Reese. The meeting adjourned at 9:43 A.M.

Respectfully submitted,

Joe Engel, Secretary

Meeting Minutes

Cascade Charter Township
Parks Committee Special Meeting
Tuesday, September 20, 2022
7:00 AM
2977 Wycliffe Dr

ARTICLE 1. Chair Wanty called the meeting to order at 7:04 am.
Members Present: Chair Ginny Wanty, Joe Engel, Mike Reese, Windy Korstange, and Supervisor Grace Lesperance
Members Absent: None

Others Present: Planning Director Brian Hilbrands and Rachel Walsh with Troyer Group.

ARTICLE 2. Approve the Current Agenda

Motion was made by Member Engel to approve the current Agenda. Supported by Supervisor Lesperance. Motion carried 5 to 0.

ARTICLE 3. Acknowledge visitors and those wishing to speak to non-agenda items.

There was no one who wished to speak.

ARTICLE 4. Review Draft Goals and Action Items for Parks Master Plan Update

The committee reviewed and discussed the draft goals and action items for the Parks Master Plan update that were presented by Troyer Group. Member Reese and Rachel Walsh presented nine goals for the park plan, which were accompanied by a number of objectives and action items. They also provided an action item priority matrix which can be used internally by the Township to track the goals and action items.

A number of minor revisions were suggested by the committee, which Member Reese and his team will work to incorporate before bringing a final draft the Parks Master plan back to the committee to review.

ARTICLE 5. Review Concepts for the Wycliffe Property

Member Reese and Rachel Walsh with Troyer Group presented three concepts for the development of the Wycliffe property that the Township has acquired, as well as a report on the existing conditions. Concept A provided the simplest concept, with amenities such as a single restroom, both an accessible and natural surface trail, and a natural play structure/feature. Concept B and C then included additional amenities, such as a small pavilion, larger trail system, and a double restroom.

Committee members discussed pros and cons for the various concepts, and it was determined that the Troyer Group would take the comments to create two revised concepts. They will then incorporate the two revised concepts into the final draft of the Parks Master Plan.

ARTICLE 6. Adjournment

**Motion was made by Member Engel to adjourn. Supported by Member Korstange.
Motion carried 5 to 0. The Meeting adjourned at 8:07 am.**

Respectfully submitted,

Joe Engel, Secretary
